

Derby High School
Multifaceted Student Scholarship
(founded 2018 by Jessi & Dan Stang)

This scholarship is designed to reward a student who pursued a well-rounded experience while attending Derby High School. Our family believes that a strong public education, volunteerism, and participation in extracurricular activities are critical building blocks in developing the future leaders of our community and our state. Derby Public Schools can provide many opportunities for learning both inside and outside the classroom. Students who took advantage of those opportunities are well on their way to success in the next stage of their education. Many of our family members, including Dan Stang (scholarship co-founder and retired USD 260 teacher), have had meaningful careers in public education and this is our family's way of giving back.
